**LEVY EXCESS FUND**

IC 6-1.1-18.5-17 requires that a local taxing unit shall establish a "Levy Excess Fund." That portion of the property taxes received which exceeds one hundred two percent (102%) of the taxing unit's ad valorem property tax levy shall be receipted to the "Levy Excess Fund."

Each year the Department of Local Government Finance will certify to each unit of local government figures which show one hundred two percent (102%) of the tax levy for each fund, and if the property taxes received exceed one hundred two percent (102%) of the levy, the excess shall be receipted to the "Levy Excess Fund" unless the amount is less than \$100.00 in any calendar year.

**Determining Need For Levy Excess Fund**

We understand the Department of Local Government Finance will calculate the amount necessary to be transferred to the Levy Excess Fund and forward those calculations to the units of local government. Anyone desiring to verify these amounts may do so by reviewing the following.

A "Levy Excess Fund" in some townships may not need to be established. To determine if a Levy Excess Fund should be established, you should:

- (1) Obtain a total for all funds of the amounts certified as one hundred two percent (102%) of the tax levy for each fund.
- (2) Add the amounts shown on the County Auditor's Certificate of Tax Distribution on the Totals" line of the taxes column headed "General Property" for the June and December tax distributions of the applicable year. Do not include License Excise Tax, Financial Institutions Tax or Commercial Vehicle Excise Tax.
- (3) If the total (all funds) of one hundred two percent (102%) of the tax levy exceeds the total taxes received (Item2), a "Levy Excess Fund" does not need to be established.
- (4) A "Levy Excess Fund" must be established if the total taxes received exceeds one hundred two percent (102%) of the tax levy unless the amount is less than \$100.

- (1) The "Portion of December Settlement Due Individual Funds" should be receipted to the individual funds and the "Amount Due Levy Excess Fund" should be receipted to the Levy Excess Fund.

Use of Fund

The statute provides that the Department of Local Government Finance may require a taxing unit to include the amount in its Levy Excess Fund in the taxing unit's budget. After the budget has been approved, the amount in the Levy Excess Fund should be transferred from the Levy Excess Fund by check and receipt to the fund or funds in which the reductions were made to reduce the amount to be raised by taxation.

**TOWNSHIP BULLETIN**  
**and Uniform Compliance Guidelines**

**Volume 257, Page 4**

**May 2002**

If the property tax levy approved by the Department of Local Government Finance for a township for a calendar year is greater than the property tax levy collected by the township for the calendar year, the township may transfer money from the township's Levy Excess Fund to the township's General Fund in an amount not greater than the difference of: (1) the property tax levy approved by the Department of Local Government Finance for the township for the calendar year; minus (2) the property tax levy collected by the township for the calendar year.

No monies should be spent from the Levy Excess Fund except as above provided.

Investments

Any balance in the Levy Excess Fund can and should be invested in the same manner in which money in the Township Fund may be invested. Any income derived from investment of the money shall be deposited in and become a part of the Levy Excess Fund.

Advance Draws

If the amount received in the June settlement, plus advance draws against the December settlement (prior to reviewing the final distribution), exceeds one hundred two percent (102%) of the tax levy, a necessity will exist to transfer the amount of the excess by warrant (check) and quietus (receipt) from the affected fund or funds to the Levy Excess Fund.

Tax Refunds

IC 6-1.1-18-5.17 authorizes reimbursement from the Levy Excess Fund of amounts refunded for erroneous taxes under certain circumstances.

Generally, tax refunds are deducted by the county auditor from taxes available for distribution, so that amounts received by a governmental unit are "net" after deducting the refunds. If refunds are made of taxes paid in a year prior to the current year, such as 2000 payable in 2001 taxes refunded in 2002, or if an unusually large amount is refunded for taxes paid in a particular taxing district, the loss in receipts from property taxes may be reimbursed from the Levy Excess Fund. However, prior to a governmental unit reimbursing the amount of any tax refund from the Levy Excess Fund, the county auditor should contact the Department of Local Government Finance for approval.

All tax refunds shall be made from the County General Fund in the usual manner, deducted in the December settlement and receipted to the County General Fund. After the Department of Local Government Finance has approved reimbursement from the Levy Excess Fund, a necessity will exist for the county auditor to apportion to each taxing unit the amount refunded and notify each affected taxing unit of the amount which should be transferred from the taxing unit's Levy Excess Fund to the General Fund (Township Fund) or Operating Fund of the taxing unit.
